

Drive employability & career pathways for your graduates

The Talent Community gives institutions the ability for their students, graduates and alumni to register in the portal to build searchable job-based profiles.

The branded Talent Community is promoted to employers who register for free to search, filter and hire your matched graduates in ranked talent pools.

Educational Talent Communities

Jobs + Placement

Connect with employers to find placement for your students & jobs for grads.

Career Pathways

Searchable professional profiles match your grads to careers.

Employer Networks

Employers link with your community and aggregated employer networks.

Brand Building

Promote your institute as a leader in career pathways and industry networks.

Benefits of your Graduate Talent Community

1

Enhances Employability

Provides direct access to job and internship opportunities, improving graduate employment outcomes.

2

Strengthens Industry Partnerships

Builds strong relationships with employers seeking skilled talent from specific courses or disciplines.

3

Promotes Institutional/College Brand

Positions your institution/college as a leader in career readiness and pathways in your own branded Talent Community.

4

Centralises Career Services

Offers one destination for your career resources, events, job postings, and alumni engagement under your brand.

5

Supports Alumni Engagement

Keeps your graduates and post-grads connected to the institution and opens pathways for ongoing career development.

6

Provides Placement Opportunities

In addition to graduate career pathways, the Talent Community provides employer placement positions for your students.
